This data is current as of August 2007 but is subject to change. Facts about teachers and students are from the census of early October 2006. Testing data is based on tests taken in the spring of 2007. The CDE issued API and AYP results in August 2007.

ACADEMIC PERFORMANCE

California Standards Tests

This series of tests is based on what California students are expected to know and learn at each grade level. You'll find students' test scores summarized in five bands below. They range from the lowest scores on the left to the highest scores on the right. The top two bands—proficient and advanced—are expressed as a combined percentage. The scores for our students are compared with the scores of all students in California at the same grade level to help you see where we stand.

Student Proficiency

BAR GRAPHS SHOW THESE PROFICIENCY GROUPS FROM LEFT TO RIGHT:

MEASURES OF ACADEMIC PROGRESS

We use two measures to track our school's academic achievement over time: the Academic Performance Index (API) and Adequate Yearly Progress (AYP). These measures combine test results differently and often provide differing views of student progress.

ACADEMIC PERFORMANCE INDEX (API): This is California's way of rating schools. Using student test scores, the API places schools on a scale from 200 to 1000. Our school's API was 755, compared with 763 for the average elementary school. The state expects schools to attain an API of 800 eventually.

ADEQUATE YEARLY PROGRESS (AYP): This is a federal measure that requires schools to meet test score goals schoolwide and for all subgroups* of students. We met all 13 criteria for yearly progress. As a result, we succeeded at making AYP. Note that the number of criteria may vary from school to school.

CALIFORNIA API ACADEMIC PERFORMANCE INDEX		FEDERAL AYP ADEQUATE YEARLY PROGRESS	
Met schoolwide growth target	No	Met AYP	Yes
Met growth target for prior school year	Yes	Met schoolwide test participation rate	Yes
API score	755	Met schoolwide test score goals	Yes
Growth attained from prior year	-19	Met subgroup* test participation rate	Yes
Met subgroup* growth targets	No	Met subgroup* test score goals	Yes
Underperforming school†	No	Met API for AYP	Yes
		Program Improvement school	No

*—Numerically significant groups, such as English learners and ethnic groups, with separate API and AYP goals.
N/A—Data unavailable or unreported; statistically insignificant number of valid test scores; testing data under review; or school uses alternative accountability measures.
†—Includes schools in these programs: Immediate Intervention/Underperforming Schools and High Priority Schools Grant.
